10. The candidate must present his/her research work in seminar/conference sponsored by UGC/CSIR or any other agencies recognised by Government of INDIA
11. The fulfilment of the above conditions leads to Ph D notification of the candidate making which will to be certified by Registrar (Evaluation) of the University of Mysore

There is a Research Committee to oversee the research activities of the college.

The composition of it is as follows:

The college has evolved a long term policy to encourage high-quality research leading to innovations. This process has progressed in a step-by-step manner to establish institutions, develop linkages between the college with state, national and international institutes. College teachers can apply for research funding from various granting agencies like VGST from state government, UGC, DST, DBT etc., from Central government and also from private funding agencies.

Many teachers in our college are recipients of international/national/state/university awards, fellowships, educational awards. The most significant step is to establishing the college career Hub(CCH), promoting skill development, entrepreneurship and innovative activities. The college has planning to centralize all the instrumentation facility in room sophisticated scientific equipment (IR, Spectrophotometry, P^H-meter, Conduct meter, flam-photometer,etc).

NAAC 4TH CYCLE (2017-2022)

The college has many JRFs, SRFs, and other research fellows. Annually many researches use the college instruments facilities for both individual researcher and collaborative research pursuits. Many Departments in the college has UGC, DST, DBT, ICMR and VGST grants.

Our university has a code of Ethics to check malpractices and plagiarism in research for all the PhD theses submission. The progress of research work is monitored by Doctoral committee. The college has provided internet facilities to all research scholars as well as guiding teachers. Library facilities to all faculties, research scholars, and master course students for research activities. Several international/national/state level/university level seminars, symposia, workshops, faculty development programmes and special lectures are regularly organized to meet the emerging academic and research needs. During last five years, two patents were obtained and a total of 725 research publications during the assessment period. The publications overall h-index is 19, with average of 18 publications per faculty as per Scopus.
