2.2.1 The institution assesses the learning levels of the students, after admission and organizes special Programmes for advanced learners and slow learners

The overall program in the college is based on a holistic approach.

The college mainly makes use of practical sessions to learn about slow leaning and advanced learning students. Further during the theory class the students who prefer to continuously opt to sit in the last benches are more observed as they are the ones who require the best mentoring. Once the students are identified they are assigned to a particular faculty who acts as a mentor. Who will motivate and guide the slow learner to understand the importance of studies. Continuous assessment in practical session provides us the best modes of evaluation. The advanced learners are motivated to go beyond classroom teaching. They are provided with advanced information in their line of interest. **The students are encouraged to read high impact factor journals so that they are acquire recent trend in science, which elevates them to achieve higher studies and obtain national and international fellowships.**

The result of this effort from our teachers is evident from the achievement of the students who have been placed globally in top research institutes. The following data represent a section of students with top achievements mentored by faculty of our college:

Hi Prof Devaki,

We recently interviewed Madhusoodhanan Suresh (Madhu) for a Research Assistant position in our labs here at UMass Chan Medical School and we will like to conduct reference checks for initiating the hiring process. He had listed you as a reference, and we were wondering if it'll be possible to have a quick zoom call sometime this or next week with you? It would be great if you can list some times (EST) that you'll be available.

Thank you very much

This is to certify that Ms. Sharanya Bhargav (M.Sc III – Inte.) Yuvraja's College, Mysuru worked under my supervision from 1st September 2021 to 31st October 2021 as a Summer Fellow under Joint Science Academies' Summer Research Fellowship Programme for 2021.

As a part of her research internship, Ms. Sharanya Bhargav she worked on project titled "Studies on antibacterial and anti-biofilm properties of Human Milk Oligosaccharides (HMOs)". She evaluated the *in vitro* efficacy of the HMOs against the clinically relevant Gram-positive as well as Gram-negative bacterial strains.

She was involved in designing and outlining experimental strategies to answer the scientific questions pertaining to antibacterial properties of HMOs. Besides her experimental work she also actively participated in weekly lab meetings and presented her research work to the lab members. She also prepared and submitted a report that will soon result in a manuscript.

I wish Ms. Sharanya Bhargav best of Luck for all her future endeavours.

Dear Sachin G. Swamy,

Congratulations on your selection for the ***Khorana Program for Scholars 2020***, which is a tripartite arrangement between the Department of Biotechnology (DBT), Govt. of India, WINStep Forward, and the Indo-U.S. Science and Technology Forum (IUSSTF).

The objectives of the ***Khorana Program for Scholars*** are to provide encouragement to young scholars to undertake R&D; enable students to carry out research at a premier university in the United States; transform research into societal benefits; and, build a seamless scientific community between India and the United States.

The duration of your internship will be *tentatively from June 29, 2020 through August 31, 2020* (excluding the travel time) at the **University of California, Berkeley** under the mentorship of **Professor Randy Schekman**.

The internship awarded to you will cover the following:

1. **Return air-ticket:** Round trip air-tickets would be provided directly by the IUSSTF travel desk by economy class and shortest route. Please contact IUSSTF Travel desk at traveldesk@indousstf.org with a copy to scholar@indousstf.org

2. **Stipend @ US\$ 2,500**

3. **Health Insurance upto US\$ 500**

If you need any further information, please feel free to contact my colleague Ms. Pushpa Iyer at scholar@indousstf.org.

We hope this program will be a valuable and rewarding experience for you!

Dear Deepa:

It is a pleasure to officially notify you of your Summer Cancer Research Training Award (SCRTA) from the National Cancer Institute. Your fellowship is with the Cancer and Developmental Biology Laboratory, under the sponsorship of Jairaj Acharya, Ph.D., in the Center for Cancer Research beginning **June 17, 2019** and ending **August 16, 2019**. **Your stipend will be \$2,941.67 per month**. This offer is subject to the satisfactory completion of a pre-activation physical examination, security clearance and evidence of your U.S. citizenship or permanent residency (resident alien) status.

The pre-activation physical may be conducted by the medical office here on campus, at no cost to you, or by a physician of your choice at your own expense.

You must provide documented evidence of your U.S. citizenship or permanent residency (resident alien) status to the laboratory administrator on or before your first day of arrival. Your fellowship cannot be activated until this evidence is provided. You may present either one document that establishes both citizenship/residency and identity (List A), or separate documents to establish citizenship/residency and identity (Lists B and C). **Only original or certified copies are acceptable. DO NOT MAIL ORIGINAL DOCUMENTS.** See attached NIH Form 2590-1 for additional information and document lists.

Please be prepared to provide proof of existing health insurance coverage in your name at the time you report to begin your fellowship.

Immediately upon your arrival at the NCI, please contact Kimberly Mellon at 301-228-4628 to confirm your pre-activation physical appointment and to complete the necessary documentation to activate your fellowship.

We are looking forward to your participation in the activities at the National Cancer Institute under the fellowship award and hope you will find it to be a rewarding experience.

Sincerely,

A handwritten signature in black ink that reads "Ira Daar".

(on behalf of NCB - GATE, for MHRD)

The GATE 2018 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2018 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q ,

$S_t = 900$, is the score assigned to \bar{M}_t ,

In the GATE 2018 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2018 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

This is your admissions notification with the results of selection for the autumn semester 2018

Understanding your results

Admitted - If you have been offered a place, you will see the term 'Admitted' next to the Master's programme.

Reserve - 'Reserve' appears next to the programme to which you have been placed on a waiting list. Whether or not you are offered a place depends on how many accepted students plan on attending. The university will contact you if a place should become available.

Deleted - If you have been admitted to a programme that you ranked higher, those with a lower ranking have been cancelled and are marked 'Deleted' in your notification (you can only be admitted to one Master's programme). 'Deleted' may also indicate that you did not fulfil the entry requirements for that programme.

Questions

For questions regarding admission, please visit our Support Centre at www.universityadmissions.se/en/faq for contact information.

For questions regarding scholarships that you may have applied for in Sweden, please contact the organisation or university issuing the scholarships.

For questions regarding your residence permit for studies, please contact the Swedish Migration Agency.

For any further information that you require, please contact the university in question.

Appeals

The right to appeal is restricted to decisions regarding general and specific entry requirements; the selection results as such cannot be appealed. The appeal must be made in writing. Instructions for your appeal can be found at Universityadmissions.se at the following link: www.universityadmissions.se/en/appeals.

The best way to submit your appeal (Appeals form plus a copy of this notification) is by scanning your documents and uploading them on Universityadmissions.se. You can find instructions under the 'Documents' tab when you log in to your account. You can also submit your appeal by regular post to Appeals, University Admissions in Sweden, R 312, SE-106 53 Stockholm, Sweden.

Please note: letters of appeal concerning the following universities should be addressed to the vice-chancellor of the university: Chalmers University of Technology, Ersta Sköndal Bräcke University College, Stockholm School of Economics, Jönköping University, The Red Cross University College of Nursing, Sophiahemmet University College, Johannelunds theological university college and Stockholm School of Theology.

Your appeal must have reached University Admissions in Sweden no later than three weeks after your receipt of this notification. The university to which you appeal will re-assess your eligibility. If the university concerned chooses not to change its decision, your appeal will be forwarded to the appeals authority for a final decision.

Information from University/University Colleges

Karolinska Institutet

Thank you for applying to Karolinska Institutet! We ask all applicants to submit KI's CV form, which will be used in the selection between eligible applicants. You can find the CV on ki.se/en/education/application-and-admission (CV form instructions). The deadline to submit the CV form and supporting documents is 1 February 2018. Please contact admissions@ki.se if you have any questions about admission and selection procedures.

IMPORTANT: Please download and open the CV form in Adobe Acrobat Reader before filling out the CV form. Using alternative PDF software may make the CV form unreadable.

Uppsala University

Regarding Tuition Fee payment

You have been admitted to a programme at Uppsala University on condition that you pay tuition fees. The fees are paid one semester at a time. Within a couple of weeks you will receive an invoice for the autumn semester 2018, which should be paid no later than two weeks after you have received it, in accordance with the due date stated on the invoice. The invoice will be sent to your email address. If you have not received an invoice within a couple of weeks, please contact feemaster@uu.se. For more information about regulations and payment methods, please look at our website: <http://www.uu.se/en/admissions/master/fees/prospective-students/> (<http://www.uu.se/en/admissions/master/fees/prospective-students/>)

If you are admitted to Uppsala University

Welcome to Uppsala University!

To enrol in your programme you will need to register for the first semester's courses. You will receive information about registration from the programme coordinator at a later date.

No reply to this Notification of Selection Results is required, but Uppsala University and the students on the waiting list appreciate if you use the button "decline place" on www.universityadmissions.se (<http://www.universityadmissions.se>) if you do not intend to study your chosen programme. This allows us to admit a reserve in your place.

If you have questions regarding the application process, please submit your question at www.universityadmissions.se (<http://www.universityadmissions.se>) or call the Support Centre on +46 (0)771-550 720, Monday to Friday 9:00-16:00 CET. You can also contact the Admissions Office at Uppsala University at either masterprogrammes@uu.se or undergraduate@uu.se or call +46(0)18-471 47 30, Monday to Friday 10:00-11:30 CET.

Please visit our website www.uu.se/admissions (<http://www.uu.se/admissions>) to find more information regarding your programme at Uppsala University as well as contact information for your programme coordinator. If you have any questions regarding registration, please contact your programme coordinator. If you are admitted to a Master's programme, please remember to bring with you the original Bachelor's diploma/degree certificate and transcript that you have sent in to University Admissions in support of your admissions application. These documents must be presented at the time of graduation, when you apply for your degree certificate. If conditionally admitted, you should also be prepared to identify yourself and to present your original documents at the time of enrolment.

About Your GRE® Score Report
Score Reporting Policies

With the *ScoreSelect®* option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the *GRE*® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE*® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

(on behalf of NCB - GATE, for MHRD)

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard

M_q is the qualifying marks for general category candidate in the paper

M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to M_t

In the GATE 2019 score formula, M_t is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_r - S_q) \frac{(M - M_q)}{(\bar{M}_r - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_r is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_r = 350$, is the score assigned to M_r

$S_q = 900$, is the score assigned to M_q

In the GATE 2021 score formula, M_r is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Re: Biodiversity and Conservation (M.Sc. / P.Grad.Dip.)

Congratulations! I am pleased to confirm that you have been accepted for admission to the above course as a full-time, non EU fee paying student, for the academic year 2019/20. The duration of the course is 1 year(s). Your course co-ordinator will be Dr. Stephen Waldren.

Trinity College Dublin is proud to be one of the world's leading Universities. We are confident that you will bring a rich and rewarding contribution to the student body and university community here and we look forward to welcoming you on campus. You will find useful information in relation to accommodation, fees, visa and course registration in the Study section of our website www.tcd.ie/study/postgraduate.

I note that you have formally accepted this place.

Please note, if you are a non EU, visa required applicant, we recommend that you begin the visa application process immediately with your offer (conditional or firm) of admission. Please also note, that non EU applicants whether they are visa required or not, are typically not granted permission to remain in Ireland to pursue a part-time course of study unless they are in possession of EU residency rights or have an alternative immigration status beyond that of a student. Student status for non EU applicants is typically reserved for those pursuing a full-time course of study.

All non EU students are required to have health insurance prior to College registration, and maintain cover for the period of their studies. During the online registration process non EU students must provide the name of their Health Insurance Provider and current Health Insurance policy number. The collection of the Health Insurance number is for validation purposes only.

You will register online via the website www.my.tcd.ie. Registration will open from July and you will be invited to register for your programme. A communication will be sent to the e-mail address you gave during the application process inviting you to log on via www.my.tcd.ie. Once registered, your registration will be effective from 1st September, 2019. Postgraduate orientation will take place during the week beginning 26th August, 2019. Details of your lecture.
