Preparation and adherence of Academic Calendar and Teaching plans by the institution

The college encourages the faculty to regularly keep a record of the syllabi they are handling on a day today basis. The theory classes completed and practical sessions experiments completed are recorded systematically in prescribed format. Academic calendar is prepared in advance that is before the commencement of the academic year, the college adapts Academic calendar with the information regarding the teaching learning schedule working days, holidays, semester examination and also the commencement of next academic session all these information are well planned and followed. The students' academic progress is monitored regularly by adopting the strategy of continuous evaluation, seminars, project work, internal test and final examinations. Each department will conduct council meeting and allots the syllabus as lesson plan along with the total time duration in which it should completed. The other important point is conduction of internal assessments and seminars. The internal assessments dates are decided and informed in advance and on the scheduled dates the same is conducted. Further seminars and written assignments are also collected in the stipulated time frame. The faculty maintain teaching framework in a diary/prescribed format such teaching plan records are appended.
