2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

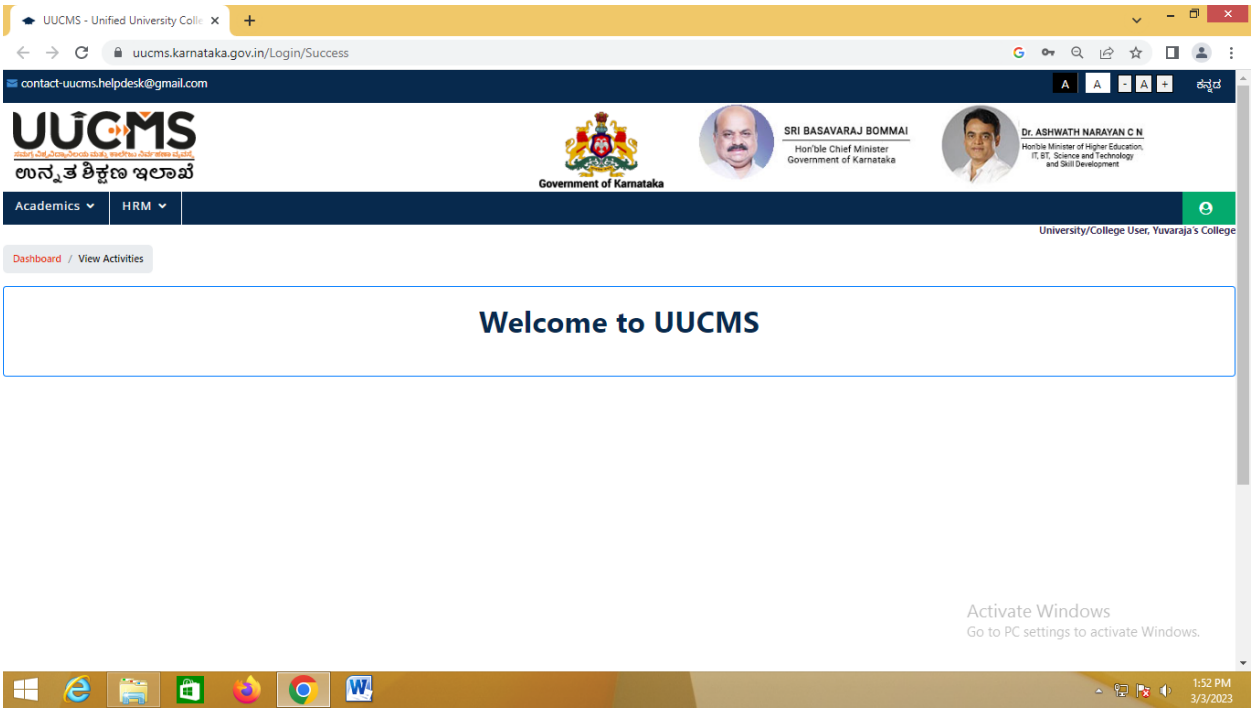

The College is following online Internal assesment marks uploading, attendance uploading and asessment planning via online mode. The students can view all the information online via website.

Individual students have their own login and password the OTP is sent to the student registered mobile number for complete access of continous assesment and attendacne. The overall results of the various courses offered in the college have correspondingly increased with Continuous Internal Assessment practices the results as shown in the below table, the data shows improved pass percentage in comparison to previous years, where Continuous Internal Assessment was not being practiced. The IT integration and reforms in the examinations has led to efficient declaration of results because the evaluator will personally upload the results of the evaluated scripts on the same day of completion of evaluation process and is verified by the IT technician, Evaluator and Reviewer. Hence the declaration of results has become easier by the IT integration and reforms in the examinations.
