## Gender Audit Report 2023-24

### Permanent Teaching Staff- 2023-24

Male: 29

Female: 17

Total: 46

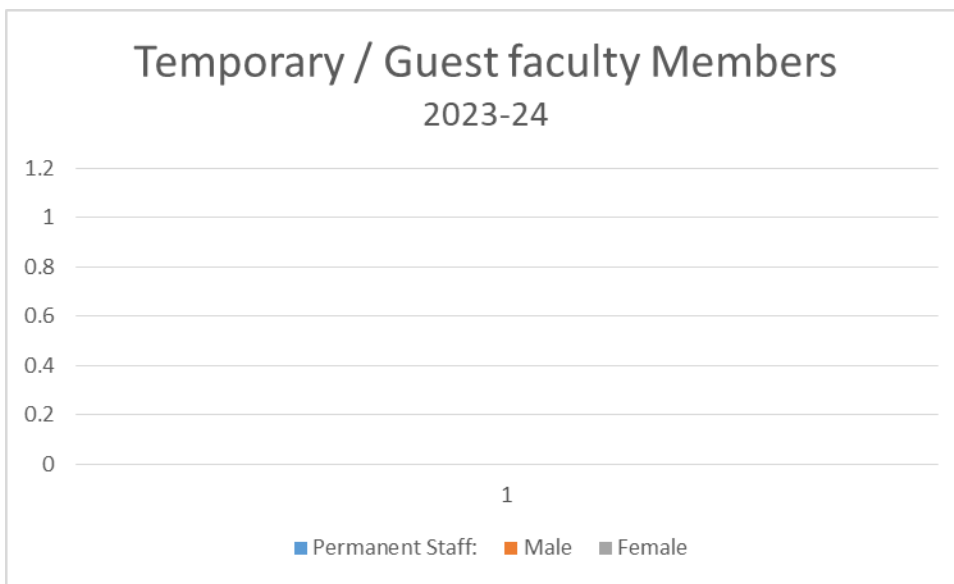

The bar chart illustrates the gender distribution of a total of 46 individuals. Out of the total, **29 are male** (63%), while **17 are female** (37%). This data shows that the male participants outnumber the female participants, reflecting a higher representation of males in this particular group.

## Temporary / Guest faculty Members:

Male Staff: 67

Female Staff: 89

Total: 156

The staff distribution at the institution consists of **156 total staff members**, with a breakdown as follows:

- **67 male staff members** (approximately **43%** of the total staff).
- **89 female staff members** (approximately **57%** of the total staff).

This indicates a **higher representation of female staff** compared to male staff, with women comprising a majority of the workforce in this case. The higher proportion of female teachers could reflect a gender-inclusive approach within the institution, particularly in the teaching and academic staff composition. This gender distribution may also suggest the institution's commitment to fostering equality in employment, with a significant contribution from female staff members in education and administrative roles.

### Non-Teaching Staff Members:

Permanent Staff:

Male: 15

Female: 5

Total: 20

Temporary University Staff:

Male: 14

Female: 6

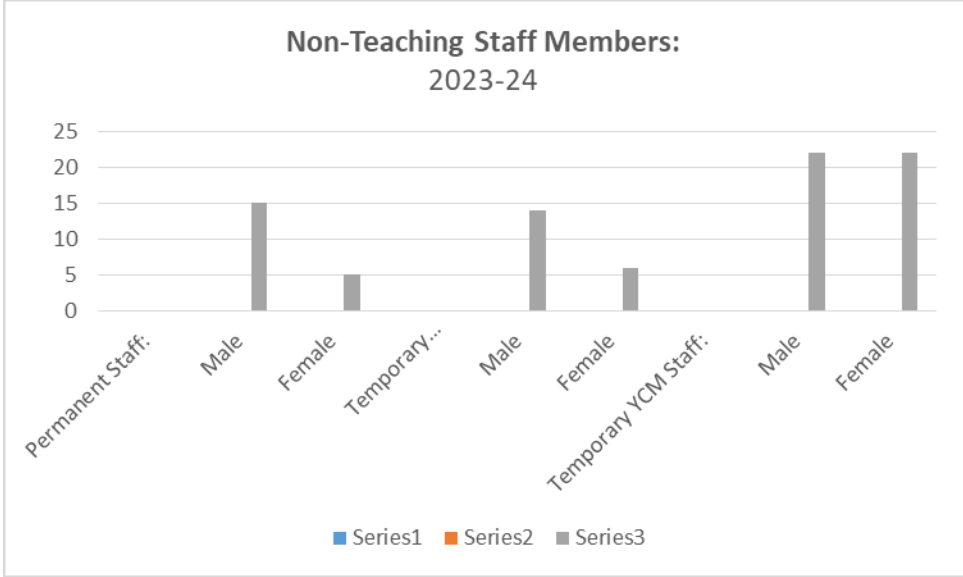

Total: 20

Temporary YCM Staff:

Male: 22

Female: 22

Total: 44

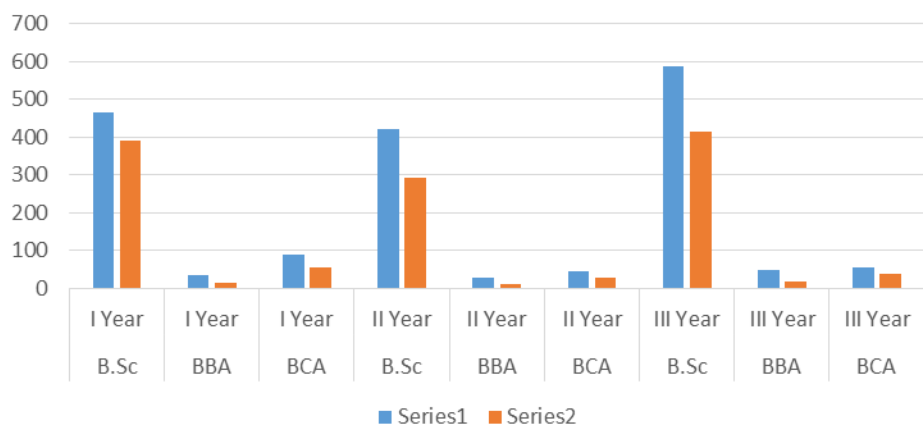

Gender equity among non-teaching staff is satisfactory; however, there is a significant need for improvement in achieving gender balance among permanent teaching staff.
